Care and Maintenance

Regular cleaning is the best way to keep Echo Recycled Glass tile looking good for years to come. Use clean, hot water (combined with a non-abrasive household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. No waxes or sealers are needed. More information regarding the care and maintenance of Crossville products is available at [www.crossvilleinc.com](http://www.crossvilleinc.com).

Recommended Usage

Echo Recycled Glass is recommended for interior floors and walls, exterior walls, pool linings, fountains and showers when proper installation methods are followed. Echo Recycled Glass Listellos are recommended for interior and exterior walls.
