### Recommended Usage

Urban Renewal wall tiles and trim are suitable for interior and exterior vertical applications including kitchen backsplashes, bathroom and shower walls, fireplace surrounds feature walls and exterior walls. Urban Renewal is not recommended for swimming pools. Special installation considerations may apply to backsplash applications behind stoves or fireplace surrounds. Urban Renewal tiles and trim are appropriate as wall coverings for residential use and for commercial use in buildings with approved sprinkler systems.

### Care and Maintenance

Regular cleaning is the best way to keep Urban Renewal tile looking good for years to come. Use clean, hot water (combined with a liquid non-abrasive household cleaner for more aggressive cleaning). Do not clean with scouring pads, steel wool or other abrasive implements. Rinse thoroughly and dry with a soft cloth to prevent spots. More information regarding the care and maintenance of Crossville products is available at [www.crossvilleinc.com](http://www.crossvilleinc.com).
