V2=Slight Variation
V3=Moderate Variation
V4=Substantial Variation

Care & Maintenance

Regular cleaning is the best way to keep your WeatherStone tile looking new for years to come. Use clean, hot water for general cleaning and combine with a household cleaner for more aggressive cleaning. Rinse thoroughly and dry with a soft cloth to prevent water spots. No waxes or sealers are needed. More information regarding the care and maintenance of Crossville Porcelain Stone products is available at www.crossvilleinc.com.

Recommended Usage

The WeatherStone Series-UPS surface finish is recommended for interior walls, floors and exterior walls. The WeatherStone Series-XT surface finish is suitable for exterior floors and walls only. Crossville Porcelain Stone does not recommend the use of the WeatherStone Series-XT surface finish for interiors. Both WeatherStone Series surface finishes are suitable for both residential and commercial applications.

Product Performance

Bond Strength	>200 psi	ASTM C482
Breaking Strength	>425 lbs.	ASTM C648
Coefficient of Friction		
UPS (Wet & Dry)	>0.6	ASTM C1028
XT (Wet & Dry)	>0.8	ASTM C1028
Water Absorption	<0.10%	ASTM C373
Facial Dimensions Range	±0.15%	ASTM C499
Frost Resistance	Resistant	ASTM C1026
Chemical Resistance	Unaffected	ASTM C650
